MEMORANDUM FOR THE RECORD

SUBJECT: [] Building Incinerator for Our Use

25X1

1. During my most recent visit to [] mentioned that sometime in the near future they [] would like to build an air-fed incinerator, of the same design as the one at [], for use at their Institute. I informed him that I was not in position at that time to give the Institute permission to build themselves such an incinerator, but if they did receive this permission we might want to utilize this particular unit and replace it with the one we already have in use.
